

Fleet Innovations New Kidderminster Office

Fleet Innovations the leading provider of GPS Mileage Capture systems in the UK have announced that they are opening their new offices in Kidderminster town centre on the 5th of January 2015. The new premises is located in the busy commercial hub of Church St, Kidderminster.

The new office will enable Fleet Innovations to expand their work force including the hiring of two new youthful apprentices.

The opening of our office in Kidderminster is an important step toward realising our goals of expansion and growth which will see significant investment in all key areas of the business. As we grow the team will increase in size and we need larger premises to accommodate this expansion. Alex Baker Managing Director said 'The new office will be the first of many important changes for the company in 2015'. Baker also commented. 2015 is looking to be a very exciting year for us, with some amazing new developments on the horizon and some very exciting new partnerships in the pipeline. We are planning ahead for our moves into the global markets and looking to strengthen our customer base in the UK as well. It's a great way to start the New Year with a new office and a positive attitude.
